ICTRIMS 2026

Joint Meeting of IAN Sub-Section on CNS Auto-Immune Disorders & ICTRIMS

June 12 - 14, 2026

Final Brochure

www.puneneurosociety.org

Venue
Hotel Hyatt Regency
Weikfield IT Park
Nagar Road, Pune

Dear Friends and Colleagues,

Greetings from the Neurological Society of Pune!

We are truly grateful for the tremendous response to ICTRIMS 2026. The enthusiastic interest from colleagues across the country has made this 15th Meeting of ICTRIMS especially exciting for us.

We are delighted to share the detailed Scientific Program, featuring an outstanding lineup of internationally and nationally renowned experts. These distinguished faculty members will present the latest advances in the diagnosis and management of central demyelinating and autoimmune neurological diseases.

ICTRIMS 2026 promises to be a highly engaging academic experience, with cutting-edge lectures, interactive case-based discussions, and meaningful networking opportunities with leaders and peers in the field. Most importantly, the sessions are designed to provide practical, clinically relevant insights that you can immediately apply in the day-to-day care of your patients.

If you have not yet completed your registration, we strongly encourage you to do so at the earliest to ensure your participation in this enriching scientific event.

We look forward to welcoming you to Pune for an inspiring and memorable ICTRIMS 2026.

International Faculty

Prof. Xavier Montalban

Prof. Montalban completed his MD and PhD in Neuroimmunology, Universitat Autònoma de Barcelona, Spain. He is currently Director, CEMCAT, Multiple Sclerosis Center of Catalonia, Vall d'Hebron University Hospital, Barcelona, Spain, and Professor of Neurology, UAB, Universitat Autònoma de Barcelona, Barcelona, Spain. He is also the Coordinator, Neuroimmunology, VHIR, Vall d'Hebron University Hospital Research Institute, Barcelona, Spain.

Prof. Hans-Peter Hartung

Prof. Hartung received his undergraduate training at the Universities of Düsseldorf, Glasgow, Oxford and London. He is currently Professor of Neurology at Heinrich-Heine-University Düsseldorf, Honorary Professor, Brain and Mind Center, University of Sydney, Visiting Professor at Medical University Vienna and Palacky University Olomouc. His research interests are Pathogenesis of Autoimmune diseases of the central and peripheral nervous system -MS, GBS, CIDP

Prof. Cristina Granziera

Prof. Cristina Granziera obtained an MD at Padova University Medical School (Padova, Italy) in 2001, a Ph.D. in Neuroscience at Lausanne University (Lausanne, Switzerland) in 2007, and the Swiss Neurology board in 2010. Currently, she works as a senior consultant neurologist at the University Hospital of Basel, as a professor in neurology and biomedical engineering at the University of Basel, and as co-CEO of the “Research Center for Clinical Neuroimmunology and Neuroscience Basel (RC2NB)” in Basel.

Prof. Andrew Chan

Prof. Andrew Chan is the Head of the Medical Division Neuro, at the Bern University Hospital (Inselspital), Head Physician at the Department of Neurology and a Professor of Neurology and Neuro-Immunology at the University of Bern, Switzerland. Dr. Chan received his Neurology / Neuro-Immunology training at the University of Würzburg, Germany and his research interests are in the field of experimental, translational and clinical Neuro-Immunology, specifically Multiple Sclerosis and related disorders.

International Faculty

Prof. Paulus S Rommer

Prof. Paulus Rommer is an Associate Professor of Neurology at Department of Neurology, Medical University of Vienna, Austria. Prof. Rommer attended the Medical University of Vienna and the Vienna University of Economics and Business. His research focuses heavily on Multiple Sclerosis, Neuromyelitis Optica Spectrum Disorder (NMOSD) and other Neuro-Immunological diseases.

Prof. Benedetta Bodini

Prof. Bodini completed her PhD on Advanced Neuro-Imaging applied to MS, at the UCL Institute of Neurology, London and at present, works with the Paris Brain Institute, Pitié-Salpêtrière Hospital since 2012. She is a Professor of Neuro-Imaging at the Sorbonne University, Paris. Her work covers Role of Ultra-High-Field MRI, advanced MRI techniques and PET in MS, AI and deep learning to predict presymptomatic diseases and early Cortical Myelin repair.

Prof. Sarosh Irani

Prof. Sarosh Irani is Professor of Neurology at Mayo Clinic, Jacksonville, Florida USA. He is instrumental in recognising clinical features, particularly Faciobrachial Dystonic Seizures, in people with LGI1 and CASPR2 autoantibodies. He has described distinctive movement disorders and psychopathological features related to NMDAR - Antibody Encephalitis. He also highlighted the evidence supporting the importance of early Immunotherapy in patients with Autoimmune Neurological diseases.

Prof. Mariana Spatola

Prof. Spatola is a Neurologist and R2B researcher at IDIBAPS, Hospital Clinic, and PhD director of 3 students at the University of Barcelona, Spain. Her research aims to understand the contribution of antibodies and innate immunity to the pathogenesis of Autoimmune Encephalitis, and the role of viruses and other pathogens in triggering brain Autoimmunity. The outstanding nature of her research has been recognized by several awards like Neurovirology award in 2021, Faculty prize in 2018, Top Science in 2023.

Guidelines for Abstract Submission

The Scientific Committee is pleased to invite Abstracts from PG Students and Delegates for Platform Presentations and E - Poster Presentations. Please read the instructions below carefully before submitting your Abstracts.

1. Abstracts can be submitted for **Platform Presentations** and **E-Posters**.
2. Only Registered Delegates of the Conference can submit the Abstract. Abstracts submitted by persons, not registered for the Conference will not be considered for selection.
3. **The deadline for Abstract submission is April 30, 2026.** Submissions received after this deadline will not be considered. Please submit your Abstracts as a MS Word File Attachment and mail it to **neurosocietypune@gmail.com**
4. The Scientific Committee encourages the submission of original scientific material unpublished at the time of the abstract submission deadline.
5. Abstract submitted to regional or national conferences can be submitted for inclusion in the program.
6. Case reports are generally not accepted unless they bring significant and novel information to the fore.
7. Please limit your Abstract to **250 words**.
8. Please limit the names of Co-Authors to 5 names.
9. **ONLY** the Presenting Author will get a certificate of presentation. Co-Authors **WILL NOT** get any certificate presentation.
10. Do not submit the same study in multiple abstracts. Abstracts that appear as more than one version of a single study will be rejected.
11. Abstracts should be submitted in English to allow the reviewers to focus on the scientific content of the abstract. Presenters are encouraged to have their abstract checked for grammar and spelling.
12. The Scientific Committee may select the abstract for - Platform Presentation, E-Poster Presentation or it may not be selected.
13. The first / presenting author will receive a confirmation of acceptance for Platform Presentation or E - Poster presentation, by e-mail before May 15, 2026.
14. Authors of abstracts selected for Platform Presentation will be informed about the date and time of their Session and detailed presentation guidelines will be provided.
15. E-Poster presenters will be informed about the date of the poster session and will receive detailed guidelines for their presentation.
