

IANCON 2020

28th Annual Conference of IAN

5th - 8th November 2020

Message from the Organising Team of IANCON-2020, Bengaluru

Dear IAN Members,

India is facing a grave challenge of COVID-19 pandemic. The organizing committee of IANCON-2020 had been working hard to make this meeting successful. However, protecting the health, safety, and well-being of our IAN members and attendees is of paramount importance. We also have a professional responsibility to model social distancing and not contribute to the spread of the virus through a large public gathering. Therefore IAN has been forced to cancel this year's Annual Conference (IANCON-2020) which was scheduled to be held from 5-8 November, 2020 at Bengaluru. The next IANCON-2021 will be held at the same venue, end of next year.

We are confident that our country will soon get out of this situation and make strides to a bright future. In the words of Napoleon Hill, "Every adversity, every failure, every heartache carries with it the seed of an equal or greater benefit."

So with the hope that IANCON-2021 will give us a new opportunity to celebrate life, we will be pleased to host the IANCON-2021 in Bengaluru with greater vigor and excitement amidst beautiful weather and safe environment. We will finalize the dates of the Conference at the earliest.

If there are any questions, please contact iancon2020bengaluru@gmail.com.

Dr. Pramod Kumar Pal

Organizing Chair
